Key companies profiled in this research study are:

- ABB Ltd.
- Alastri
- Caterpillar Inc.
- Cisco Systems, Inc.
- Hexagon AB
- Intellisense.lo
- Rockwell Automation Inc.
- SAP SE

Our Sample Report Accommodate a Brief Introduction of the research report, TOC, List of Tables and Figures, Competitive Landscape and Geographic Segmentation, Innovation and Future Developments Based on Research Methodology

In this report, the Connected Mining market has been segmented based on: System and Solution:

- Operational Data Processing and Analytics
- Smart Assets
- Smart Logistics
- Smart Control Systems
- Smart Safety
- Security System
- Remote Management Solution

Based on service :

- Consulting
- System Integration
- Support
- Maintenance

Based on Method:

- Surface Mining
- Underground Mining

Connected Mining Market is Experiencing a Rise in Demand For Digitalization: The mining industry is widely adopting digitalized solution. IoT, AI, cloud technologies are inceasingly adopted by mining companies to achieve high productivity target and gain a competitive edge in the market. Increasing investment in virtual sensor, and AI tool, IT infrastructure, is gaining opportunities in this market. Digital solutions provided by various companies enable mine operators to track real-time visibility, predictive maintenance in the surface, health of assets, and underground mining. New emerging trends of Industry 4.0 is boosting the use of technologies such as big data, autonomous robots, additive manufacturing, cloud computing, IoT, cybersecurity, and AR to support digital transformation of mining operations.

The reports cover key developments in the Connected Mining Market as organic and inorganic growth strategies. Various companies are focusing on organic growth strategies such as product launches, product approvals and others such as patents and events. Inorganic growth strategies activities witnessed in the market were acquisitions, and partnership & collaborations. These activities have paved way for the expansion of business and customer base of market players.
