Household Fans Global Market Report 2022: Market Size, Trends, And Forecast To 2026

As per The Business Research Company's "Household Fans Global Market Report 2022", the household fans market size is predicted to reach a value of \$27.97 billion in 2021 to \$29.82 billion in 2022 at a compound annual growth rate (CAGR) of 6.6%. The Russia-Ukraine war disrupted the chances of global economic recovery from the COVID-19 pandemic, at least in the short term. The war between these two countries has led to economic sanctions on multiple countries, surge in commodity prices, and supply chain disruptions, effecting many markets across the globe. The household fans market share is expected to grow to \$37.49 billion in 2026 at a CAGR of 5.9%. Increased electrification especially in rural areas has contributed to the household fans market growth in the historic period.
