

Equator Introduces Best-Selling Built-in 14 Place Dishwasher in Canada

Designed in three colors — boasting two levels and a sanitizing function — this innovative design is one of the industry's premiere appliances.

HOUSTON, TEXAS, UNITED STATES OF AMERICA, October 31, 2022

/EINPresswire.com/ -- Already praised in the company's American market for its top-tier features and functionality, Equator Advanced Appliances is getting ready to launch its 14 Place Capacity [Dishwasher](#) model throughout Canada. Available in white (WB 82), black (BB 82), and stainless (SB 82), using this stylish and elevated kitchen appliance is easy.

"After working hard to bring this model to Canada, we are thrilled to formally announce its launch throughout the country," said Nick Mathews of Equator Advanced Appliances. "Our customers consistently review this appliance as one of their favorites thanks to its numerous features that make washing dishes a breeze."

Measuring 32.3 x 23.5 x 22.4 (HxWxD in inches), this built-in design consumes 3.4 gallons of water per cycle, and is both UL and Energy Star certified. It has a total capacity of 14 plates, and also features a wine glass rack, easy pull rack handles, and adjustable top rack.

Using this dishwasher is a delight thanks to its wide array of premium features. In addition to its sanitize functions, it comes with eight unique wash programs: Eco Mode, Auto, Pots & Pans, Heavy, Daily, Delicate, Fast 50, and Rinse. It also offers six extra wash and dry combinations, creating the most customizable dishwasher experience available.
