/EINPresswire.com/ -- Designed to be the ultimate gadget/appliance hybrid for those who enjoy bringing their favorite foods and beverages on-the-go, Equator launches the PFF07 [Portable Refrigerator](#). Functioning as both a refrigerator and freezer, this ultra portable design is a breeze to bring to a tailgating celebration, on camping trips, and anywhere else one desires.

“I’m incredibly pleased to announce that our team has created and released an unbelievably innovative portable refrigerator-freezer combo,” said Nick Mathews of Equator Advanced Appliances. “Instead of having to deal with the limitations of a standard cooler and ice, this tech-forward design literally allows you to bring a fully functioning, compact refrigerator and freezer with you while on-the-go”

Built to be eco-friendly and energy efficient, this plug-in design comes with a myriad of elevated features. Exploring the PFF07 Tailgate Refrigerator’s portability, the unit measures 12.6 x 23 x 12.8 (HxWxD in inches), and weighs just under 30 pounds. Combined with its smooth gliding wheels and
