The licensed in-home care agency has steadily expanded northwest and westward over the past 12 months, mirroring the growth in Ft. Worth, which is one of the fastest-growing cities in the US. "We recognized a substantial need in Parker County. I entered this business to make a difference in the lives of seniors and we think we

can have an impact here in this historic county," noted Scott Van Duinen, owner. "We work hard to help our clients achieve a more purposeful life, no matter their age or acuity," he added.

The agency also hired Heather Parsley to act as a client care coordinator, advising families, and running the branch. Mrs. Parsley, who is from West Texas, has 12 years of healthcare experience, including five years of experience in medical offices, and is a former nursing assistant and caregiver herself.

The new office will improve the ability to recruit, train, and supervise caregivers and market to other healthcare professionals. Other locations are being considered.
