

# IDEAS For Us Hosts Harvest Festival in Partnership with Arnold & Winnie Palmer Foundation and City of Orlando

ORLANDO, FL, USA, October 31, 2022 /EINPresswire.com/ -- [IDEAS](#) For Us (IDEAS) began in 2008 as a group of innovative UCF students who wanted to advance sustainability on university campuses and communities around the world. Since then, it has grown into a global non-profit focused on real action, not just advocacy, to solve environmental challenges.

IDEAS For Us has been working within the West Orlando community for years now, through its Fleet Farming urban agriculture program, which promotes food sovereignty and food security through community and school gardens. Through a partnership with [Arnold & Winnie Palmer](#) Foundation and City of Orlando, IDEAS For Us also offers “Neighborhood Naturalist”. This free educational program that teaches youth about the wonders of the Florida environment at Lake Lorna Doone Park in Orlando, Florida. Led by a professional naturalist, children play fun games, make eco-art, and tour the living world of the lake and its shores.

“Excited for IDEAS to be hosting a FALL HARVEST FESTIVAL & the partnership with the Arnold & Winnie Palmer Foundation. It'll be a fun day for all who come out.”
