"Stellar Outcomes is a platform for Dental Professionals to continue your education, make connections, and strengthen their bonds in the dental community," said Brandi Hooker Evans RDH-ER, MHE, President of Stellar Outcomes, LLC. "In each meeting, we focus on an important topic or current challenge in the industry. We are grateful to TempStars for not only sponsoring the Study Clubs, but spreading the word among the tens of thousands of dental professionals within its community."

"Once I did some research on TempStars, it became my mission to bring them to Idaho, where the company can make a real difference in the lives of dental assistants, hygienists, and dentists," said Evans, who is a Past-President of the Idaho Dental Hygienists' Association. "I was

impressed with how quickly Dr. Younger and his team responded and began operations in Idaho.”

Dr. Younger said that that experience of working with Hooker and learning about Stellar Outcomes led TempStars to become a sponsor.

“What Stellar Outcomes is doing is invaluable to the industry,” he said. “The company is addressing important, timely issues that will only enhance the services that dental professionals provide to their patients.”
