Key takeaways:

This IndustryARC report on the Organic Pea Protein market highlights the following areas -

1. Geographically, North America held a dominant market share in the year 2021. It is owing to the presence of robust manufacturing capabilities and increase in the inclination towards plant proteins as a foaming agent owing to the growing awareness among the young population. Moreover, well-established food and beverage industry has given the much-needed push for using such ingredients.
2. The robust growth in various applications, such as meat analogues, nutritional supplements,

Segmental Analysis:

Organic Pea Protein Market Segmentation Analysis- By Type : The Organic Pea Protein market based on type can be further segmented into Isolates, Concentrates, and Textured. Isolates held a dominant market share in the year 2021. Pea Protein Isolates are pure vegetarian supplements that are suitable for vegans looking for non-animal source of proteins.

Organic Pea Protein Market Segmentation Analysis- By Form : The Organic Pea Protein market based on Form can be further segmented into Dry and Liquid. Dry segment held a dominant market share in the year 2021. Predominantly, the demand has been created by the bakery and confectionery sub-segment as it heavily utilizes dry pea proteins owing to low capital requirement, water consumption, and lower energy compared to wet extraction.

Organic Pea Protein Market Segmentation Analysis- By Geography : The Organic Pea Protein market based on Geography can be further segmented into North America, Europe, Asia-Pacific, South America, and the Rest of the World. North America held a dominant market share of 35% in the year 2021 as compared to the other counterparts. It is owing to the robust demand from the end-use industries, such as food and beverages.

Competitive landscape:

The top 5 players in the Organic Pea Protein industry are:

1. The Scoular Company
2. Ingredion Incorporated
3. Shaanxi Fuheng (FH) Biotechnology Co. Ltd
4. World Food Processing, L.L.C
5. Roquette
