The fabric is structured and durable enough to carry small pets up to 20lbs.

Baby K'tan, LLC

The Pet K'tan™ Pet Carrier is ideal for older pets and pets with special needs. The number of pets with disabilities and chronic diseases, such as missing limbs, arthritis, diabetes, and heart disease is on the rise. Studies have shown that wearing a baby in a carrier is beneficial for bonding and development; at Pet K'tan, we believe that pets are our babies and recognize that they, too, benefit from the comfort of hearing our heartbeat while also getting the sensory nourishment they need and deserve.

The Pet K'tan™ Pet Carrier retails at \$34.95 and is available in 2 colors: PawQuamarine and PawKadot. The carrier is individually sized for the human adult with sizes ranging from XS-XL.
