ORANGE COUNTY, CA, US, November 2, 2022 /EINPresswire.com/ -- Marketing Immersion has been selected for the 2022 US News & World Report Digital Marketing Agency of the Year for California, a coveted award within the Business Community.

“

We are honored by this coveted award. We thank US News & World Report. We thank our clients for trusting us with their business and our team of creatives and analytics gurus that made this happen.”

Each year, US News & World Report identifies companies that we believe have achieved exceptional marketing success in their local community and business category throughout their state. These are local companies that enhance the positive image of businesses and their clients through service to their customers and their community. These exceptional companies help make the California a great place to live, work and play. Various sources of information were gathered and analyzed to choose the winners in each category. The 2022

US News and World Report focuses on quality, not quantity. Winners are determined based on the information gathered both internally by the Award Program and data provided by third parties.
