

# An Arcade VR Shooter Space Dragon: Unchained

*YOUR ARMS ARE DRAGONS... SPACE DRAGONS! 3lb Games Unleashes Space Dragon: Unchained*

DETROIT, MICHIGAN, USA, November 3, 2022 /EINPresswire.com/ -- Developer 3lb Games is excited to announce the launch of its VR classic, Space Dragon: Unchained on Meta Quest App lab.

Space Dragon: Unchained is a VR game from 3lb Games Inc. released to Meta Quest 2 on November 3, 2022. This release includes significant graphics, sound, and gameplay updates. Experience the thrill of commanding space dragons and destroying planets!

Take control of a pair of young space dragons on a VR quest for revenge against the malevolent AI bent on enslaving the galaxy's megafauna. Blast your way through the cosmos with our innovative move-and-warp system! Use the dragons' devastating firepower to annihilate robotic armadas, destroy whole solar systems, and battle to eradicate (or sometimes free) the epic monsters trapped within... all set to a rockin' score by Robin Moulder of Jack Off Jill fame!

Space Dragon: Unchained is available for \$7.99 on Oculus App Lab.

New feature for Space Dragon: Unchained, Live streaming has become a huge part of the video game ecosystem. Developers and creators often collaborate to showcase games in a live format with real time feedback. Live streaming native Quest 2 games has been limited because until now, streamers have not been able to see their chat live while in-game. 3lb Games is proud to announce their new widget developed for live streamers to view live Twitch chat while in game. This new tool will be included in Space Dragon: Unchained and all future 3lb Games releases, with future updates for other streaming services.
