

Highlights from the Construction Links Network platform this week - November 3, 2022

The only peer-to-peer content sharing platform for the construction, building and design community

SUNDRE, ALBERTA, CANADA,
November 3, 2022 /EINPresswire.com/
-- [Construction Links Network](#) is a unique news platform where members "Get More Eyes" on their digital content and increasing their SEO.

The network includes thousands of Canadian construction managers, contractors, developers, building managers, property managers, architects, designers, engineers, government officials and more. Members use this platform to share and onboard their digital content on the Internet, through social media and our popular e-Newsletters. Ideal for product / service releases, company announcements, blogs, podcasts, webinars, case studies, videos and more.

Top news this week has the Village of Lytton, British Columbia announcing that it passed a Building Amendment Bylaw where the construction of new buildings shall comply with SAFERhome Standards. This initiative is sponsored by the not-for-profit SAFERhome Standards Society, which since 2004 has spearheaded the adoption of Universal Design principles to the forefront of the housing sector in Canada and permanently transforming the built environment. Lytton is currently rebuilding after the June 30, 2021, Lytton Creek Fire which destroyed over 90 percent of the Village.
