The banner features a background image of soldiers in a field with a helicopter in the sky. Text elements include: 'Smart Aerospace & Defense Day' and 'November 09, 2022' at the top left; the 'Mext B2B Metaverse' logo at the top right; a blue 'Agenda' button; a white box containing '• AEROSPACE MARKET & TECHNOLOGY TRENDS IN 2022'; and a blue box at the bottom right with the text '\* Networking and matchmaking on [mext.app/events](https://mext.app/events)'. Below the banner, the text 'Smart Aerospace & Defense Day' is displayed.

The A&D industry has a history of early adoption of disruptive technologies to advance both product development and manufacturing processes. There are currently several key technologies that the industry is using to meet new manufacturing challenges. These technologies include additive manufacturing, advanced composite manufacturing methods, implementation of the digital twin, cognitive manufacturing and advanced analytics, robot/worker collaboration, and AI/ML, all of which are permeating many areas of the production process.

In this conference, we will focus on getting the latest innovation and trends in Smart Aerospace & Defense development to help our high-tech community, to face its major new challenges for companies, build their roadmap and find their next partners. We will deep dive to AEROSPACE MARKET & TECHNOLOGY TRENDS IN 2022.

Among the speakers, you will meet technology leaders of the transportation and logistics industry as well as most recognized startups with disruptive technologies.
