A smokehouse is a place where meat is cured using smoke. Smoking meat has been used for thousands of years. It was originally done to preserve food. The process of smoking meat can still be used to preserve food and add flavor and texture. You can have a large or small smokehouse and use it to smoke any type of meat, such as beef, pork, chicken, and

fish. Smoking meat requires low temperatures and lots of smoke. Combining these two ingredients will result in tender, delicious meat.
