Key Trends In The NGOs and Charitable Organizations Market

Mobile technology is increasingly being used to donate to charities as it offers convenience to

donors. Mobile technologies such as mobile applications enable civic services establishments such as charitable organizations to better connect with their supporters, and raise money quickly and conveniently. A mobile app can help to make donating to your charity much quicker and more efficient, with a button able to direct users straight to a donation screen. Charitable organizations often encourage their supporters to make donations using mobile applications.

Overview Of The NGOs and Charitable Organizations Market

The NGOs and charitable organizations market consists of the revenues generated by entities (organizations, sole traders and partnerships) including grant-making foundations or charitable trusts and other establishments engaged in raising funds for a wide range of social welfare activities, such as health, educational, scientific, and cultural activities.
