

Global Language Names "Denier" Word of the Year 2022 for Global English; Words of the Pandemic Again Dominate

Global Language Monitor Names "Denier" Word of the Year 2022 for Global English; Words of the Pandemic Again Dominate the only list for English Worldwide.

AUSTIN, TX, UNITED STATES, November 11, 2022 /EINPresswire.com/ -- For the third consecutive year, words of the pandemic dominate the conversation in Global English,

According to [Paul JJ Payack](#), President and Chief Word Analyst of the Global Language Monitor, "In the year 2022; we observed three major trends in the development of the English language: 1) The persistence of Pandemic-related words for the third year in a row, 2) the acceleration of the spread of the language ever wider into all corners of the planet, and 3) Global English insinuating itself ever more deeply into the language of academia, science, technology, politics, commerce, transportation, and entertainment.
