The report also profiles established and emerging players of the market, covering the business overview, product portfolio, strategic alliances, and business expansion strategies.

Some major companies in the global market report include AVer Information Inc., ELMO Software, Seiko Epson Corporation, Lumens, UNET Global Solutions Pvt. Ltd., HoverCam, QOMO, WolfVision GmbH, SMART Technologies ULC, Epson India Pvt. Ltd., Eloam, Hangzhou Gaoke Industry & Trade Co., Ltd., and CZUR Tech Co., Ltd.

### Highlights from the Report

The corporate segment accounted for a significant revenue share in 2021 due to rising demand for advanced digital systems in conference rooms in commercial sectors. Rising adoption of cutting-edge technologies by large and medium organizations for training, conferences, and skill development sessions is expected to drive revenue growth of this segment.

The fixed segment accounted for a significant revenue share in 2021. Fixed document cameras have high-resolution sensors, which allow greater zoom into the image and also help to maintain detail and sharp focus. This also comes with attached LED lights and advanced text recognition features, which are driving revenue growth for this segment.

The North America market accounted for largest revenue share in 2021 due to rising demand for K-12 learning. Countries in North America, such as the U.S, Canada, and others, have numerous prestigious and technologically advanced educational institutions, which drives revenue growth of the market in this region.
