"My collaboration with Tamayyaz was initiated since over three years, focusing on facilitating the IFC Corporate Directors Program to Directors and c-suite executives," said Nada Awad Rizkallah, DCRO Institute Regional Director for

the MENA Region. "Badri and the executive team of Tamayyaz, Joanna and Nadine, were very keen on building collaborative efforts with the DCRO Institute to enhance their mission and focus on the top-level governance of risk, in practice and grow their library of learning and development opportunities to the boardroom and c-suite executives. I am confident that this new cooperation will bring together valuable new perspectives and experiences to their target market, where the graduates of the DCRO Institute programs will focus further on the practical and positive governance of risk and how to embrace risks and transform them into a source of opportunities and corporate value creation."

"Tamayyaz is very proud to launch this initiative with DCRO Institute," said Badri Salim el Meouchi of Tamayyaz. "We at Tamayyaz provide Corporate Governance services to Banks and Companies across the region, and Risk Management is a key component of Corporate Governance. We are confident that this new partnership and wide range of services will offer our clients more focused and specific courses on risk management which will complete our range of services in this field.

Plans for the work with Tamayyaz include access to online and guided study cohort sessions through DCRO Institute programs led by Nada Awad Rizkallah. The goal is to sharpen critical thinking in the boardroom while

reviewing realistic business cases, provide better insights on thinking like a director, embrace risks, and transform them into a source of opportunities and corporate value creation.
