

Introducing the Elinchrom FIVE

WHITE PLAINS, NY, U.S., November 8, 2022 /EINPresswire.com/ -- [The new Elinchrom FIVE](#) with Active Charging lets you work in the studio while actively charging your battery, so you're always ready for your next adventure. Unplug and work on location with up to 450 full-power flashes. The Elinchrom FIVE features a continuous running modeling light and lets you shoot longer, with quicker recycling times and no need to slow down.

Never Lose Momentum

With Active Charging, the Elinchrom FIVE can be connected to any USB-C power source and continue shooting while charging regardless of the battery's power level, keeping your workflow uninterrupted.

The Elinchrom Monolight

Tough and Reliable

Elinchrom's FIVE is built to withstand whatever you throw at it. With a recycling time of 1.6 seconds to full power and optimised cooling, the FIVE will never let you down.

Power to Shoot Longer

About Elinchrom:

We deliver lighting solutions to all visual creators.

By creating the world's most portable and durable lighting

gear, we desire above all else to be a source of inspiration to all adventurous spirits everywhere; helping them capture and share life's most beautiful and greatest moments. We are the brand that brings light to their adventures.

Tough and Reliable

The FIVE is designed like a workhorse. Optimized cooling and electronics allow photographers to shoot at full power every 1.6 seconds without batting an eye.

Active Charging

Connect the Elinchrom FIVE to a power source and continue shooting while charging regardless of the battery's power level.

USB-C Charge Port

Charge the Elinchrom FIVE from any USB-C source without proprietary spare batteries or chargers.

Detachable High-Capacity Li-Ion Battery

Enables up to 450 full-power flashes on a single charge.

Elinchrom Modifier Mount

Natively compatible with Elinchrom accessories. Plus, the comfortable grip makes it seamless to adjust your lighting.
