Flower Turbines is energizing the small wind power revolution. Its unique technologies are presented and shares

can be reserved for its upcoming Reg A+ Tier 2 offering at

<https://www.startengine.com/offering/flowerturbines>. You can buy products at

<https://flowerturbines.com/store/>. If you are in the EU, you can buy by quotation with its staff at support.eu@flowerturbines.com Outside of that, contact support.us@flowerturbines.com for a custom quotation.

Flower Turbines is a US company with an important branch in the EU that has the goal of making small wind as powerful a force in renewable energy as solar by using its multiple patents to create a wind turbine that meets all the needs of urban and suburban environments. It combines aerodynamic innovations with beautiful design, low noise, and bird friendliness. Unlike other turbines, they make each other perform better when tightly packed together. Here is a

Flower Turbines has external validation as a top company:

-Flower Turbines has been awarded the "Solar Impulse Efficient Solution" Label, a proof of high standards in profitability and sustainability to protect the environment. Here is a link to the page about Wind Tulips on the Solar Impulse website:

<https://solarimpulse.com/efficient-solutions/wind-tulips#>

- Flower Turbines was a winner of Pepperdine Graziado Business Schools annual Most Fundable Companies in America list. Flower Turbines was judged to be in the top 10 among 4500 startup companies examined.

-Twice winner of the Dutch Sustainability Award.

"We have the ambition to become a major global force in distributed energy," said CEO Dr. Daniel Farb. "We believe we have the technology and enthusiasm to accomplish it."
