Carissa Reiniger, CEO and Founder of Silver Lining

Today, Silver Lining announces the 50 small business finalists selected for the inaugural [Thank You Small Business](#) (TYSB) Awards supported by Spotify Advertising and The Hartford.

"We created the Thank You Small Business Awards to recognize and celebrate small businesses for their resilience, adaptability in the face of adversity, and their impactful contribution to their families and teams, communities, and the economy" shares Carissa Reiniger, CEO and Founder of Silver Lining.

In the summer of 2022, the TYSB Awards was officially

launched. People across the United States submitted over 500 nominations for the small businesses they felt deserved recognition. The nominees were all very impressive, making the selection process difficult for the judging panel.

Today, 50 finalists representing different states have been officially selected by a panel of judges, and 16 small business owners will win Thank You Prizes. The winners will be judged on the following criteria:

- How the nominee has demonstrated adaptability and innovation
- How the nominee has shown resilience despite the increasingly challenging environment of the past two years
- How the nominee makes an impact in their community

Congratulations to all finalists. Their resilience, creativity, and contribution to their communities are truly inspiring:
