Inspira Holding Launches Travel Booking Platform with Cruises, Flights, Car Rentals, and more

Its journey started back in 2012 in Southern California with a small group of developers and entrepreneurs that shared, above all else, a deeply rooted passion for travel. They set out to create various Closed User Group travel platforms that empowered employee benefits, resort loyalty, and wellness incentive programs for many institutions and large corporations worldwide that would ultimately allow people to access more affordable travel. The team grew and so did its presence. The company opened more offices throughout the USA and Latin America. In recent years, they have experienced exponential growth to the point of being present on all continents, providing travel and tech development services now also in Europe and Asia.
