

# Aircraft Tires Market : Asia-Pacific Region to Grow at CAGR 8.4% During 2021 to 2030 AMR

PORTLAND, ORAGON, UNITED STATES, November 9, 2022 /EINPresswire.com/ -- According to the report published by Allied Market Research, The global [aircraft tires market](#) was valued at \$1.52 billion in 2020, and is projected to reach \$2.85 billion in 2030, registering a CAGR of 6.7%. The report provides a detailed analysis of changing market dynamics, top segments, value chain, key investment pockets, regional scenario, and competitive landscape.

Increase in air passenger traffic across the globe and frequent wear and tear of aircraft tires drive the growth of the global aircraft tires market. However, stringent standard operating procedures and high cost of aviation tires restrain the growth to some extent. On the other hand, procurement of military aircraft amid geopolitical tensions present new opportunities in the upcoming years.

COVID-19 scenario on Aircraft Tires Industry:

The outbreak of the COVID-19 pandemic led to global lockdown, which in turn, resulted in flight cancellations and ban on e-commerce services. This led to massive decline in commercial aviation and logistics activities across the world.

Moreover, the pandemic disrupted the supply chain and forced manufacturing facilities to shut down their operation temporarily.

The COVID-19 impact on the aircraft tires market is expected to remain in force till the second quarter of 2021.

The report offers detailed segmentation of the global aircraft tires market based on type, application, distribution, and region.
