“There is no doubt that Ron DeSantis was the big winner Tuesday. During his acceptance speech, the crowd erupted in chants of “two more years” showing that Americans are ready to see the leadership and success DeSantis brought to Florida cascade nationwide. In his first term as Governor, he transformed the purple state of Florida, solid red.

The voices calling out for real and effective leadership are loud and clear – and we are working to make sure DeSantis hears the call.

Voters know Governor DeSantis has a proven track record of standing up for America’s values. He is committed to defending the rights of parents, getting inflation and government spending under control, and solving the problems the radical left is causing. He dares to say no to the bullies, no matter how powerful they may seem. He can deliver safe streets, sane schools, and a soaring economy.

As the mid-term results continue to be sorted out, the clear message voters sent on Election Day is that they are Ready for Ron.”

Since its launch in late May, Ready for Ron has enlisted nearly one hundred thousand supporters, generated significant media attention, and run hundreds of ads to convince Ron DeSantis to run for President. Ready for Ron has emerged as the only credible independent organization in support of a Ron DeSantis candidacy. Americans are encouraged to [sign the petition at ReadyForRon.com](https://www.readyforron.com) to draft Ron DeSantis to run in 2024.
