NEW YORK CITY, NEW YORK, UNITED STATES, November 9, 2022 /EINPresswire.com/ -- ellee ven and her band, [The Groovalution](#), release “Infinitude”, Friday, November 11, 2022. Celebrating 11/11/2022 and the wish to contribute something that’s eternal, today’s track fuses ethereal sounds with cosmic continuity, talking about intentionality and inspiring personal evolution. Riffs throughout the song sound familiar but are totally original and masterfully created.

ellee ven’s “Infinitude” lyrics were co-written with Prodéje and are about embracing empowerment in lieu of bad patterning or dishonesty with oneself. Everyone detours, but, within Prodéje’s driving beats and flow, listeners are encouraged to get back up again, knowing that if they stumble, a renewed commitment to their personal journey will propel them forward.

“

Cosmic continuity is a reference to the universal themes that touch people around the world. Wherever we live, there exists an ever-present landscape of life, words and tonality. They connect us.”

ellee ven’s band The Groovalution continues to usher in top-tier talent with Kern Brantley joining the artists collective as a guest bassist who also works with Lady Gaga and David Foster. Other leading contributors include keyboardist Jeff Motley who has worked with Beyonce, Mary J Blige, Lil’ John and drummer Jody Giachello of Haim and 4D.

ellee ven and The Groovalution is produced by Terry Santiel of Rose Royce fame. Terry Santiel’s worldwide performing lays the perfect foundation for this passion project paving the way to an ethos

attuned to our dreams and highest personal aspirations. The founding percussionist has contributed to decades of pop music with Janet Jackson, Barry White, Mary J Blige, and Justin Timberlake, finding his utopia producing hand pick musicians from around the world to round out what he understands to be a universal soundscape, he and ellee ven call Groovetronics.

ellee ven gushes, "Cosmic continuity is a reference to the universal themes that touch people around the world. Wherever we live, there exists an ever-present landscape of life, words and tonality. They connect us."

This Friday, ellee ven and the Groovalution will celebrate creativity, cosmic numbers and funk with a featured, throwdown performance at the 11/11/2022 Party at the [Paradise Club](#) in Times Square. The quintessential New York bar stage experience is Ian Schraeger's ode to Studio54 at The Edition Hotel.
