About Toys for Tots

Toys for Tots began in 1947 as the brain child of Marine Corps Reserve Major Bill Hendricks and his wife, Diane, who was the real inspiration. She handcrafted dolls and asked Bill to deliver them to an agency that supports children in need. Presently, the Marine Toys for Tots Program collected and distributed 19 million toys to 7.3 million less fortunate children annually, allowing them to experience the joy of Christmas and receive a message of hope that otherwise would not have been there. Toys for Tots brings the joy of Christmas and hope to the community's less fortunate children.
