The A45Q is handcrafted and built for adventure on or below the ocean waves. Whether at the office, a bar after work, sailing on, or diving deep below the oceans, the Aquamarine Quartz Chronograph is the perfect versatile timepiece.

At the heart of the Aquamarine Quartz Chronograph is an accurate and robust Japanese Miyota Quartz (Cal.6S21) Chronograph movement, featuring a unique sweeping

Chronograph seconds hand that measures down to 1/4 of a second. It is encased in a solid 316L

ABOUT PANZERA

PANZERA was conceived in 2009 by two founding partners from Sydney Australia, inspired to

A45Q Blue Dial Steel On Wrist

A45Q Marine Blue Dial

create contemporary versions of classic, “vintage style” mens watches.

The original design objective was to capture the soul of classic watches and incorporate contemporary features – from revised size, clearer dial designs, through to the latest mechanical movements, case materials and modern-day functions. All whilst being accessible to a larger number of people at a sensible price point.

The first PANZERA watch model to be produced was the Flieger 47 in 2010 and was an accurate homage to the original 1930’s “Flieger” pilot watch.

Since these early days, PANZERA progressed to creating its own new and contemporary designs and the brand has grown exponentially.

PANZERA has now sold more than 200,000 watches into more than 100 countries around the world.
