Key Trends In The Community And Individual Services Market

Community and individual services providers are adopting latest technologies to enhance adult day care service quality being offered to senior citizens. They are widely using technologies such as wearable devices and geo-fencing. Sensors, voice activation, GPS, Bluetooth, and smartphone monitoring apps help in low-cost and efficient monitoring of patients. Major companies offering devices and solutions for community and individual care services include MedMinder, Reminder Noise, Philips Lifeline, GrandCare, iTraq, GreatCall and ClearCare.

Overview Of The Community And Individual Services Market

The community and individual services market report consists of the revenues from community and individual services and related goods by entities (organizations, sole traders and partnerships) that provide non-residential social assistance to children and youth, elderly, persons with disabilities, and all other individuals and families or collect, prepare, and deliver food for the needy; provide short-term emergency shelter, temporary residential shelter, transitional housing, volunteer construction or repair of low-cost housing, and/or repair of homes for individuals or families in need; or provide food, shelter, clothing, medical relief, resettlement, and counseling to victims of domestic, national, or international disasters or conflicts (e.g., wars).
