

# Webinar - Reshaping the Retail Industry through Advanced Analytics and AI

*Amnet Digital is introducing a webinar with 3 of its most experienced Industry experts who will be addressing the uses of Advanced Analytics and AI in Retail.*

LEANDER, TEXAS, UNITED STATES,  
November 11, 2022 /

EINPresswire.com/ -- The Retail industry is experiencing unprecedented change driven by consumer needs and demands enabled by technology. It is high time for digital and traditional Retailers to engage customers through personalized touchpoints to meet customer expectations, improve customer LTV, and foster business growth. Join Valli Suryadevara - Engineering Director, Krishnakanth Narapusetty - AI & Analytics Director, and Ganesh Belde - Principal Data Scientist from Amnet Digital in this [webinar](#).

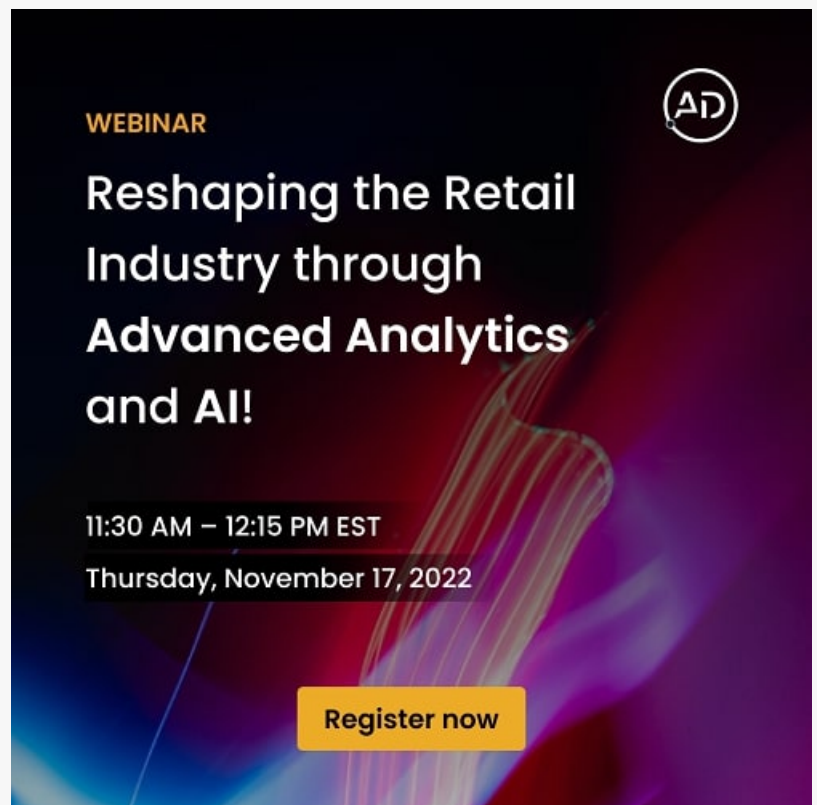

Furthermore, AI-based solutions can replace manual guesswork in various tasks, like executing product promotions, managing inventory, spotting supply chain issues, etc. AI is simply separating successful firms from failing ones, in addition to business insights and the incredible speed it offers.

Key takeaways from the webinar:

1. How AI & Analytics can help Retailers move from a traditional business model to AI centered
