-The market is driven by factors such as the growing demand for digital printing in industrial applications and the need for high-speed and cost-effective printing solutions.

-However, the market faces challenges such as the high cost of inkjet print heads and the lack of standardization in terms of technology and specifications.

-The major players in the market are Canon Inc., Epson Corporation, Fujifilm Holdings Corporation, Hewlett-Packard Development Company, L.P., Konica Minolta Business Solutions U.S.A., Inc., Ricoh Company, Ltd., Seiko Epson Corporation, and Xerox Corporation.

COVID-19 Scenario:

Since the outbreak of COVID-19, the global inkjet print head market has been facing several challenges. The pandemic has led to a decrease in demand for inkjet print heads from various end-use industries, such as packaging, ceramics, food and beverage, and electronics. Moreover, the lockdown imposed by various governments across the globe to contain the spread of the virus has disrupted the supply chain of inkjet print heads and other related products. This has resulted in a shortage of inkjet print heads on the market.
