Learn from the Best

Cold weather doesn't stop hard core anglers from pursuing the sport they love, with 10% of 1.5 million fishing license holders in Minnesota returning to frozen lakes during the winter. Among the hardest core in the land are the people who make up this year's show speakers. There's

something for every fisherman, fisherwoman or fisherkid. A sampling includes a junior ice team question and answer panel, top industry female pro panel, Great Lakes trout fishing, the hard facts of Walleye fishing, and ice fishing using new technology. Check out the show's full slate of seminars.
