TECH DAY

First Annual West Michigan SBTD

This FREE online event for West Michigan businesses will provide the latest trends and tactics top-performing companies use to stay productive, profitable, and protected utilizing technology.

Other speakers include celebrities like Shark Tank's Kevin O'Leary, former FBI counter-terrorism and counterintelligence operative Eric O'Neill and best-selling author and entrepreneur Mike Michalowicz.

Small Business Tech Day is designed to equip small businesses with the strategies they need to excel in a tough labor market, uncertain economy, and increasingly technology-driven world.

"We specialize in working with small businesses in West Michigan to provide them with the best technology to make sure everything just works," said Matt Kahle, chief executive officer for Real IT Solutions "Business owners have enough to deal with just trying to run their business. We ensure technology not only doesn't hold them back, but increases productivity and profits, keeps them secure from online threats, and complies with industry and insurance regulations."

The first-of-its-kind international event will feature well-known business leaders, tech experts and leading minds showing small businesses how to compete and succeed in many aspects of

their business with a concentration on utilizing technology to be productive, profitable and protected. For more information about Small Business Tech Day, go to https://smallbusinesstechday.com/westmichigan or call 616-528-9596 and let them know you'd like to register for the FREE local event happening on December 15th.
