

# Dolomite Microfluidics Competition 2022

*Win innovative Dolomite Microfluidics equipment suited to your research project!*

CAMBRIDGESHIRE, UK, November 15, 2022

/EINPresswire.com/ -- Dolomite Microfluidics is pleased to announce this year's competition to transform the microfluidics industry with your research. This exciting contest gives entrants the opportunity to win Dolomite Microfluidics equipment from an extensive line of leading products to help further their research, supported by Dolomite's expert application scientists.

The Dolomite Microfluidics Competition 2022 is open to researchers and students working on microfluidics projects across the globe, with a focus on novel ideas for microsphere formation. First and second prizes are virtual vouchers for up to 6,000 and 2,500 USD (including shipping fees), respectively, to spend in the Dolomite Microfluidics Webshop. The Dolomite team will also offer competition winners expert guidance to help turn their ideas into reality. To enter, contestants are invited to submit a project proposal and a short explanatory video before 11:59 pm (GMT +7) on November 30, 2022.

Don't miss out! Dolomite Microfluidics wants to bring your research ideas to the world and make them come true by providing high performance equipment matched to your project's needs. Follow [this link](#) to read the terms and conditions, and to enter your submission.

A promotional poster for the Dolomite Microfluidics Competition 2022. The poster has a dark background with white and light blue text. At the top, it says 'DOLOMITE MICROFLUIDIC COMPETITION 2022'. To the right is the Dolomite logo. Below the title, a purple circle contains the text 'Deadline November 30th'. A blue banner with white text says 'join us in transforming the microfluidics industry!'. The bottom half of the poster features a stylized illustration of scientists in lab coats working with microfluidics equipment, including a large blue and white tube and a circular device. To the right, there are sections for 'Sharing your research on the topic Microfluidics approaches to prepare microsphere production' and 'A short proposal & a short video introducing your idea'. At the bottom, there are sections for '1st PRIZE' (a virtual voucher for USD 6000) and '2nd PRIZE' (a virtual voucher for USD 2500). A small note says '\*including shipping fee'.

Dolomite Microfluidics Competition 2022

## About Dolomite Microfluidics

Established in 2005, Dolomite Microfluidics has grown to be the world leader in the design and

manufacture of high quality innovative microfluidic products.

The company offers a range of [microfluidic systems](#), components and specialist chemicals – including [pumps](#), chips, connectors, temperature controllers, sensors, accessories and custom-made components – as well as software for analysis or automation.

Modularity, ease of use, innovation and scalability are common to all Dolomite Microfluidics products, which are used across a broad range of applications in biology, drug discovery, chemistry, food, cosmetics and academia.

Dolomite is a part of the Blacktrace group of companies, a world leader in Productizing Science®, and has offices in the USA, Japan and Hanoi as well as a worldwide network of distributors.
