Yassine also conveyed that all the NFTs of SportFansPass will be specially minted for some of the most important sports events organized globally. plays, irrespective of whether they win or lose.

The key benefits of these NFTs are that the pass holders will receive guaranteed airdrops of SFP tokens as and when their team progresses and goes to the next level. A few selected pass holders will also win PlayStations, beIN SPORTS devices, and cash rewards at the end of the tournament.

SportFansPass has been in development for the past eight months, and it is planned to reveal Fan passes as NFTs for the upcoming Football Seasons of 2022, 2026, 2030, and so on for the later events as well.
