had fun with this project. After completing this masterpiece of a song I knew that it would only be a matter of time before it makes its way to the right ears. When God says yes it doesn't matter who says no. 'Buzy Body' refers to a person that has different streams of income so once I came up with the hook, writing the rest of the song and composing it was easy because I made sure

that I did not overthink, and had fun during the creative process.”

Jay Bang explained; "The 'Buzy Body' track definitely needed a music video. I knew that I had my hands on something, so this music video had to really compliment the song. I reached out to Anthony Harris at Schooling Talent in Dallas Texas in search of the right choreographer and director to help me create the perfect music video for my new hit." Jay Bang continued, "The rest was history, and the music video was everything that I imagined it to be when I first created the song."
