

Analysis of Albumin Tests Market & Creatinine Tests Market by Research Nester to Reach USD 19.45 Billion by 2035 Global

Growing Rates of the Prevalence of Hypoalbuminemia and Hypovolemia to Drive Growth of Global Albumin Tests Market & Creatinine Tests Market

NEW YORK, UNITED STATES, November 16, 2022 /EINPresswire.com/ --

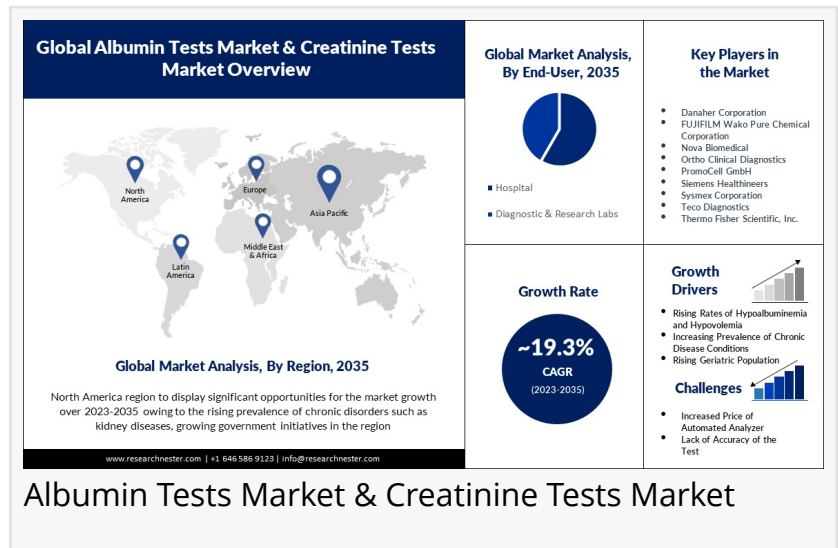

Research Nester assesses the growth of global [albumin tests market & creatinine tests market](#) over the forecast period, i.e., 2023-2035 and evaluates its future prospects. Rising number of kidney diseases and

increasing adoption of the point of care are expected to drive market growth. About 1 in 7 adults in the U.S lived with chronic kidney disease in 2021 accounting for 37 million populations as per the Centers for Disease Control and Prevention (CDC).

Research Nester's recent market research analysis on "Albumin Tests Market & Creatinine Tests Market: Global Demand Analysis & Opportunity Outlook 2035" delivers a detailed competitors analysis and a detailed overview of the global albumin tests market & creatinine tests market in terms of market segmentation by product, type, end-user, and by region.

Growing Rates of the Prevalence of Hypoalbuminemia and Hypovolemia to Drive Growth of Global Albumin Tests Market & Creatinine Tests Market

The global albumin tests market & creatinine tests market is estimated to grow majorly on account of the increasing incidence of hypoalbuminemia and hypovolemia across the world. As per the estimations, 1 in 5 patients suffers from hypoalbuminemia during admission to the hospital with acute pancreatitis. Hypoalbuminemia is the growth factor for the severity and death of many patients during acute pancreatitis. The reduction in serum albumin levels in the blood leads to an increased risk of mortality. To minimize this, frequent observation and testing of serum albumin levels are needed. These are estimated to upsurge the market growth in the forecast period.

This report also provides the existing competitive scenario of some of the key players of the global albumin tests market & creatinine tests market which includes company profiling of RayBiotech Life, Inc., Danaher Corporation, FUJIFILM Wako Pure Chemical Corporation, Nova Biomedical, Ortho Clinical Diagnostics, PromoCell GmbH, Siemens Healthineers, Sysmex Corporation, Teco Diagnostics, Thermo Fisher Scientific Holdings, Inc., and others. The profiling

enfolds key information of the companies which encompasses business overview, products and services, key financials and recent news and developments. On the whole, the report depicts detailed overview of the global albumin tests market & creatinine tests market that will help industry consultants, equipment manufacturers, existing players searching for expansion opportunities, new players searching possibilities and other stakeholders to align their market centric strategies according to the ongoing and expected trends in the future.

About Research Nester:

Research Nester is a leading service provider for strategic market research and consulting. We aim to provide unbiased, unparalleled market insights and industry analysis to help industries, conglomerates and executives to take wise decisions for their future marketing strategy, expansion and investment etc. We believe every business can expand to its new horizon, provided a right guidance at a right time is available through strategic minds. Our out of box thinking helps our clients to take wise decision in order to avoid future uncertainties.
