“My goal is always to give our clients the tools they need to succeed and to serve as a trusted advisor. Similarly, my

approach to lobbying is to provide the decision-maker with credible and reliable information so that they can make the best possible decision on behalf of our clients. I'm truly grateful for this recognition, but primarily to work with incredible clients and our team of talented and dedicated professionals at [Keller Partners](#),” Garfinkel said.

NILE's list of designees included lobbyists, grassroots and PAC professionals nation-wide. According to Paul Miller, NILE Chairman of the Board, the 2022 list of Top Lobbyists “inspires me and their accomplishments will inspire many... to raise the bar even higher.”

Garfinkel added, “Achieving our clients' objectives at the federal and state levels of government, is always an extremely challenging proposition. That said, our firm has perfected a government relations process that enables us to win on competitive federal and state grants, congressionally directed spending, and other objectives, which makes Keller Partners quite unique among firms in Washington. We're not only registered federal lobbyists, but we are professional grant writers – and we're confident, that makes all the difference.”
