

Highlights from the Construction Links Network platform this week - November 17, 2022

The only peer-to-peer content sharing platform for the construction, building and design community

SUNDRE, ALBERTA, CANADA,
November 17, 2022 /

EINPresswire.com/ -- [Construction Links Network](#) is a unique news platform where members "Get More Eyes" on their digital content and increasing their SEO.

The network includes thousands of Canadian construction managers, contractors, developers, building managers, property managers, architects, designers, engineers, government officials and more. Members use this platform to share and onboard their digital content on the Internet, through social media and our popular e-Newsletters. Ideal for product / service releases, company announcements, blogs, podcasts, webinars, case studies, videos and more.

Top news this week is courtesy of Canadian Construction Association. Coinciding with CCA's annual Hill Day earlier this week, representatives from the Canadian construction sector calling on the federal government to make changes to modernize Canada's immigration policy and update the Temporary Foreign Worker program in order to address the most severe labour shortage Canada has faced in more than 50 years. The recent announcement that Canada would seek to welcome up to 500,000 new immigrants annually by 2025 is a good start, but skills matching is essential.

More top news has Statistics Canada reporting that investment in building construction declined
