

The Healthy Environments Introduces Affordable and Environment-friendly Solutions to Removing Mold and Water Damage

Breathe easier with The Healthy Environments' new and improved mold-removal solution.

SARASOTA, FLORIDA, USA, November 17, 2022 /EINPresswire.com/ -- Starting today, you never have to worry about pesky [mold](#) growing around and inside your home. [The Healthy Environments](#) provides environment-friendly and affordable mold removal services that will protect you and your family from the harmful health effects of mold.

Mold damage is a nuisance many Florida homeowners often must deal with. Not only is it unsightly, but it can also cause hazardous health problems for you and your family if left unchecked. Most of the mold remediation tools you see on a store's shelves are expensive and do not remove mold at all, they just remove the stain.

The Healthy Environments recognizes this problem and has provided an affordable, pet-friendly, and environment-friendly solution. Their natural mold removal technique effectively eliminates mold without relying on hazardous chemicals and offers long-lasting results.

With The Healthy Environments' revolutionary solution to pesky mold damage, you no longer have to worry about your family and pet's health, or breaking the bank. Battling against the elements by using non-abrasive solutions has never been more accessible and affordable.

About The Healthy Environments

#1 Goal is to safely mitigate the toxic levels of mold & mycotoxins from your home so you & your family can achieve optimal health.

My wife (who is a physician, MD) who specializes in toxicity in the human body and I; created The Healthy Environments because, we experienced the ill effects of "black mold" several years ago while living in Georgia and had no idea of how serious it was for our family health. So, we decided to help others from being harmed by mold and mycotoxins.

The Healthy Environments provides a safe, non-toxic and effective Mold/Mycotoxin remediation

to help you achieve a safe home environment. By utilizing the Florida IICRC and NORMI standards of mold remediation, The Healthy Environments will remove all toxic material from your home and business.

If your needing help please contact The Healthy Environments and their affordable mold removal services will resolve your issues, visit their website or call them at (727) 403-4994.
