The after-prom that was supposed to be the start of their lives was lost due to irresponsible intoxication. Two lovers attend a party, drink then drive and only one makes it out alive. Guilty of his actions, he can't stop thinking about her; as if she's haunting him. He can't remember much, just sirens.

Rob writes all of his own music, lyrics and works with various producers to create unique moments within his songs. Each one of Eberle's songs are stories and moments into his life and others around him.

“

Each one of Eberle's songs are stories and moments into his life and others around him.”

Influences from an eclectic group of artists such as FINNEAS & Billie Eilish all the way to Madison Beer, Olivia Rodrigo and Panic! At the Disco have helped to create Eberle's genre bending darker-alternative to traditional Pop Rock.
