*Katia Louise, Filmmaker*

From SAVING AMERICA'S HORSES the movie, the new Prelude Trailer is an inspirational and compelling cinematic experience. It's a brilliant and hard hitting exposé that reveals how the public has been misled by government agencies and corporate interests that run over the laws that are supposed to protect the horses, the public and the environment.

"Like a scope reaching into the bowels of evil, this trailer offers an electrifying glimpse of what lies beneath layers of cruelty and subterfuge in the horse slaughter industry." -

Sinikka Crosland, Executive Director of the Canadian Horse Defence Coalition (CHDC). "SAVING AMERICA'S HORSES - A NATION BETRAYED delivers a compelling case for the abolition of a cruel, archaic and predatory industry. A civilized society yearns to be just and compassionate, not supporting practices that are inhumane and potentially detrimental to human health."

"WFLF Humanion Films is proud to present the provocative documentary Saving America's

Horses A Nation Betrayed produced, written and directed by filmmaker Katia Louise." - Jay Coskie, VP WFLF. The opening day event will take place on Friday, December 16, 2022, in the afternoon and evening. Festivities will include full screenings of the international award winning documentary film, a live streaming event with cast members and contributors, plus special guest panel Q & A sessions following the screenings of the movie.

"We are especially thrilled to be collaborating with UnchainedTV for the SAVING AMERICA'S HORSES 2022 Worldwide Release and Roll-out in honor of America's Horses." - Katia Louise. In collaboration with the Wild For Life Foundation (WFLF) Humanion Films, UnchainedTV has created an all new SAVING AMERICA'S HORSES Channel2 on their network.

"UnchainedTV, the new streaming TV network for animal lovers, is thrilled to be collaborating with SAVING AMERICA'S HORSES to expose the heartbreaking mistreatment of our nation's horses to viewers around the world. SAVING AMERICA'S HORSES now has its own channel on the network, where people can see what's happening and take action." – Jane Velez-Mitchell. Viewers will be able to watch the [SAVING AMERICA'S HORSES Channel](#) on UnchainedTV on their phone, and on Apple TV, Amazon Fire Stick and Roku.

"In 15 years, I have yet to hear one legitimate argument in favor of horse slaughter. Not one. I've sat through continuing education sessions and have been completely baffled at the complete untruths that are being told to veterinarians regarding both horse slaughter and the wild horses. I've been hearing these lies for 15 years now and they are what the veterinarians are basing their opinions on. This situation is so heartbreaking for our beloved horses. The horse slaughter industry is completely inhumane on so many levels not to mention what an unscrupulous industry it is as well. The industry represents everything that veterinarians are not supposed to be or do." - Dr. Lisa Jacobson

"My heart is broken and calls for this horrific travesty to STOP IMMEDIATELY! These Sacred Creations called Horse and Burro are integrated into our culture as Great Spirit's helpers for

Indian peoples along with being teachers and Spiritual Medicine Keepers. It goes against ALL Natural Laws of Creator to slaughter horses and burros for human consumption worldwide!! AHO" - Chief Daniel "Eagle Warrior" Ramos, Chief Spiritual Leader, Choctaw Muskogee Yamassee Nation.
