industry expert judges, including members of the media, designers, engineers, and more, reviewed submissions based on innovation, engineering and functionality, aesthetics, and design.

Pivo provides a full range of AI-powered motion-tracking [smartphone mounts](#), accessories, and apps, that help influencers, vloggers, photographers, educators, athletes, real estate professionals, and equestrians, create better

content. Pivo's line of products converts a smartphone into a hands-free tool to help solo

creators make amazing, dynamic videos.

Pivo Max is an even more powerful, stable, and versatile motion-tracking mount built to take content creation to the next level. With a new design, smoother rotation, and a larger payload, content creators can now use smartphones, tablets, and cameras to bring their ideas to life.

“We’re honored and excited to be named an Innovation Award Nominee at CES 2023,” exclaimed Pivo CEO, Ken Kim. “Pivo Max delivers the most powerful version of our Pivo Pod to date. Users will be blown away by the Pivo Max design. It accommodates not only smartphones but also tablets and cameras, making Pivo Max a game changer when it comes to helping solo creators create better content.”

New for CES 2023 — CES has partnered with the World Academy of Art and Science (WAAS) to showcase the critical role of technology in support of the United Nations efforts to advance human security around the world. For CES 2023, CTA introduced a new category of Innovation Awards showcasing technologies advancing human rights. The Human Security for All category includes eight new tech subcategories.

The CES 2023 Innovation Awards honorees, including product descriptions and photos, can be found at [CES.tech/innovation](https://CES.tech/innovation). More will be revealed in January. Many honorees will showcase their winning products in the Innovation Awards Showcase at CES 2023.

Owned and produced by CTA, CES 2023 will take place in Las Vegas on January 5-8, 2023, with Media Days taking place January 3-4, 2023. Attendees will experience new technologies from
