

Forever Twilight: Never Forget the Lessons of 9/11

Trending Book Sold Over 100,000 Copies, Raising Thousands For A Good Cause

NEW YORK CITY, NEW YORK, USA, November 28, 2022 /EINPresswire.com/ -- Alfred Stieglitz, Bernice Abbot, and Helen Levitt are well-known photographers. They successfully captured the heart and soul of New York on many occasions, and now a new name joins their ranks: David L. Suarez.

Capturing the heart of New York following the September 11th attacks, Suarez showcased the multifaceted nature of The City That Never Sleeps in his bestselling book: [Forever Twilight in New York](#). He notes that the book "...touches on and discusses multiple feelings we encounter and transforms us by possessing our behaviors and actions. Hate can be devastating and profoundly damaging, and 9/11 was an act of hate at the highest level that we'll never forget."

Forever Twilight seemingly touched the hearts and souls of every New Yorker, with copies being sold at a rapid pace, all in support of the [Never Forget Fund](#). The thousands raised helped fund educational programs, ensuring that educators, law enforcement, military, intelligence professionals, and the general public can better understand and connect to the stories of 9/11.
