*Excerpt from Oh NO, Where Did He Go?*

have a hard time accepting when someone passes away; much greater is the difficulty for a child who's innocent as a dove. Losing the light of your life might be one of the most distressing experiences an individual may encounter. Kay E. Thomson's [Oh NO, Where Did He Go?](#) is a cathartic narrative that explores the journey of losing a loved one.

This moving book will be featured in the 2022 Guadalajara International Book Fair, which will take place from November 26 to December 4, alongside some other notable works by renowned authors in the literary industry. Thomson wrote this book based on their family's

experience: when Kay's husband departed, it gave their grandchildren a valuable life lesson that made them understand their grandfather's passing. The book helps readers, particularly children, understand the concept of losing someone they care about. The book exhibits the different emotions that one might feel when encountering such a situation and how one can recognize and sort their emotions. This emotional narrative teaches children the lessons of care, love, joy, and assurance when they follow Jesus.
