

# Artes Electronics company started cooperation with Klarna

SAN FRANCISCO, CA, USA, November 24, 2022 /EINPresswire.com/ -- The company Artes Electronics has started cooperation with the Klarna, which implies the purchase of goods with the help of interest-free installments for the buyer. Given the upcoming holiday season, as well as the importance of early diagnosis of skin cancer, this union should help a large number of people from the USA, Australia and Europe to [purchase NOTA mole tracker](#) for home examination of moles and spots on the skin.

It is worth noting that until the end of January 2023, Artes Electronics launched a [weekend promotion - a device for \\$199](#) + a free subscription to the app forever. Add to this a breakdown into 4 interest-free payments from Klarn, and you get a reliable diagnosis of skin cancer for the price of a couple of Starbucks breakfasts per month.

To purchase a device through a Clarinet, you must specify the phrase "[Buy with Klarna](#)" in the "Address" field. The link to the payment by installments will automatically be sent to your email and SMS. After payment, the delivery will take 3-5 days for the USA and 7-20 days for the whole world.

Early diagnosis of skin cancer at the price of a smart watch
