endless possibilities for them. Many work hard for the prestigious award with the hopes of starting a journey of breakthroughs and opportunities. As a recipient, many art entrepreneurs and connoisseurs recognize the artists who transform their lives and careers.

The event was created by ArtTour International's International's editor-in-chief, Viviana Puello, and her partner, Alan Grimandi, as an opportunity to celebrate and recognize deserving artists from anywhere in the world. They are both the founders of the multimedia platform ArtTour International Magazine. Viviana Puello is an internationally recognized art business expert and CEO. She has a lifelong mission of changing how people see artists and the arts.

As an artist herself, Viviana has experienced the difficulties that come with art being your occupation. The art world has always survived in "feast or famine." With so many artists struggling to market and thrive within their craft, Viviana knew there was more she could do. That is where the vision and inspiration for ArtTour International were born. As the platform expanded and grew, Viviana added the ATIM Top 60 Masters Awards and special Issue Magazine to bring the recognition these top artists deserve.

"I'm an advocate for the arts.", Puello shared. As her company and focus have grown, she has taken her marketing expertise to help artists turn their passion to profit. Her Amazon Best-Selling book, "You Are The Masterpiece, An Artist Journey From Homelessness To Triumph," reveals her journey and shares her tips on becoming an art entrepreneur. As a successful entrepreneur, she shares the principles and goals of her award-winning show featured on NYC media. It was awarded the Public Media Awards of Excellence because of its impact in 2018 and 2019.
