

# Assisted Living Guide- Things To Know Before Choosing Assisted Living In Silverdale

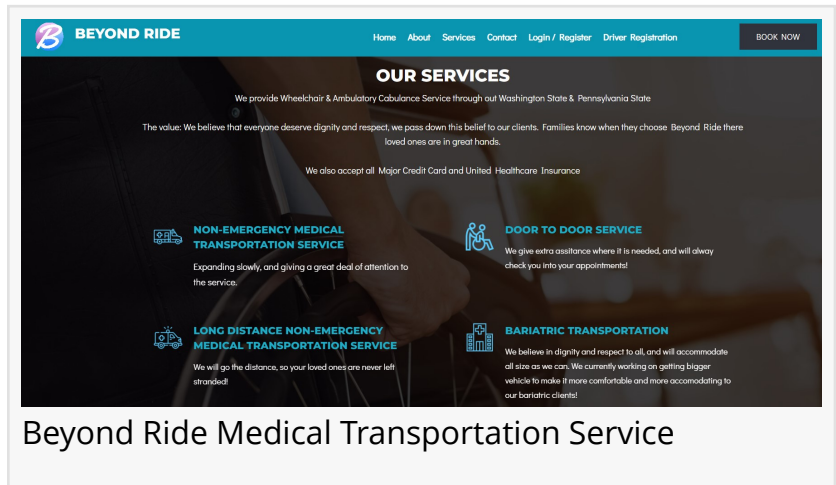

*Many people think that if their parents are not able to get the level of care that they need at home that the next step is a Nursing Home.*

SILVERDALE, WASHINGTON, UNITED STATES, November 25, 2022

/EINPresswire.com/ -- It is very

important that the parents get more assistance than they are getting at home, maybe they need more care, more assistance, more socialization or

just watchful Eyes on them throughout the day. If the people are not sure what the right level of care means or what the options are. In this article [beyond ride](#) will tell everything that people need to know about the options of assisted living in Silverdale.

Beyond Ride Medical Transportation Service

Beyond Ride has launched the NEMT service in Silverdale, WA. They have special plans for doctors, hospitals, rehab centers, [assisted living facilities](#), and their patients to make their medical transportation safe and comfortable. As a non emergency medical transportation service provider, they have a team of medical experts to manage unwanted situations during traveling. And medical transportation ride starts from \$45 only.

Many people think that if their parents are not able to get the level of care that they need at home that the next step is a Nursing Home. Well in actuality there is a step in between and that would be an assisted living facility.

An assisted living facility is a kind of beautiful blend of living in a home environment with all their own familiar things around but also getting assistance with the care that people think maybe we can only find in a Nursing Home.

Assisted living facilities exist in every state. They are licensed and regulated in most states. There are a few states that are not regulated but for most of them there is a standard of care that they must adhere to.

Assisted living usually has at least 20 residents and can be up to two or 300 residents. Assisted living facilities will cater to a particular cultural population and may offer activities, menu items and spiritual support that are geared towards that culture in addition to the regular things that they offer.

Assisted living is a place where seniors and adults with disabilities can live semi independently and receive Limited care with certain day to day activities services. Assisted living communities often provide various hospitality and personal services.

They provide 24 hours emergency response protocols and regular opportunities for recreation and social interaction. The exact levels of care and types of services that are offered. They vary from facility to facility and from state to state.

Who is a good candidate for assisted living?

1. People that are open to the idea of getting assistance.
2. People who can benefit from more socially engaging living environments.
3. People who are able to walk on their own or with devices.
4. People who need a limited amount of supervision or assistance.
5. Assisted living is good for people that are lucid and only have mild cognitive health.
6. People who want to get free from the responsibilities of home ownership.

What is an assisted living facility like in Silverdale?

Well assisted living facilities in Silverdale tend to feature private Apartment style rooms or Bungalows. Usually there are one or two bedrooms. They often feature units that have a small kitchen so they can cook on their own or they can go to the communal dining.

Assisted living facilities generally give residents a lot of freedom when it comes to decorating their personal spaces. They provide communal dining rooms and they provide a lot of recreational space. According to the CDC, assisted living facilities serve on average about 28 residents a day.

What types of services are provided in assisted living?

They provide some help with personal care activities such as bathing and dressing. They help manage and give basic medications. They are designed to help the residence avoid injury and

they offer around the clock staffing, in case of emergencies. Unlike nursing homes, assisted living doesn't provide a lot of nursing and medical care unless they are licensed to do so. They state what they can do for residents that display behavioral problems.

What services do assisted living communities provide in Silverdale?

Well the services offered by assisted living communities from places to places and from facilities to facilities. But the most common services provided by assisted living communities in Silverdale are:

Providing meals, monitoring the medication. Providing personalized care, including dressing and bathing. Assisted living communities also provide Housekeeping and laundry, around the clock emergency services, various Medical Services and customized recreational activities.

What is the cost for assisted living?

The national average for assisted living every month is between \$ 3950 to \$ 7800 a month.
