

# Numly, Inc. Unveils its Winter 2022 Release of NumlyEngage with "Connected Leadership" Skills Framework

*Numly, Inc. Unveils its Winter 2022 Release of NumlyEngage - A SaaS Coaching Platform to help Organizations develop "Connected Leaders" at all levels*

BELLEVUE, WASHINGTON, USA,  
December 2, 2022 /EINPresswire.com/

-- [Numly](#)™, Inc. today unveiled the Winter 2022 Release of

[NumlyEngage](#)™, a cloud-based, Analytics-driven, Coaching and Networking platform, that enables organizations to Upskill and Reskill their teams continuously, scale

coaching with structure across all levels, improving employee engagement and performance in the process, and accelerating revenue growth.

Numly, Inc. Unveils its Winter 2022 Release of NumlyEngage™ with "Connected Leadership" Skills Framework

Behavioral or Power skills have been in the spotlight for years, and now they're even more critical, given the new normal of the hybrid work environment. Employee Engagement remains a real challenge in such dynamics, that include a multitude of cultures, languages, time zones, and geographies. As companies navigate the post-pandemic recession, there is a need to evolve traditional management science with a focus and investment in new skill areas. Numly's "[Connected Leadership](#)" Skills Framework makes organizations resilient in the face of economic / market shifts, and creates a shared network of Connected Leaders across all levels.

“

Connected Leadership is the new Management Science for organizations of all sizes. Connected Leaders use compassion, empathy, and trust to influence networked teams and people, in their flow of work.”

*Madhukar Govindaraju, CEO -  
Numly, Inc.*

Numly also unveiled new “Connected Leaders” Coaching

Programs and strategically designed Coaching Pathways, to help accelerate racial equity across

any organization and equip the future leaders with the skills, peer networks, continuous learning and career growth sponsorship they need to achieve their aspirations and grow within their organization.

Numly's "Connected Leadership" Skills Framework is structured in "FIVE Critical Dimensions" around any organization or team's "Flow of Work" - Self, Projects, Teams, Others and Organizations; enabled by a people-centric fabric of Inclusion, Close Communication, Creative Problem Solving, and Collaboration.

Here are a few new Coaching Programs unveiled, based on Numly's "Connected Leadership" Skills Framework.

1. "Leadership Essentials" Program
2. "Performance Amplified - Sales Coaching Program
3. "Management Accelerated" Program
4. "Executive Leadership" Program
5. "Mental Health and Wellness" Program
6. Working from Home / Hybrid Work Program
7. Diversity, Equity, and Inclusion Program
8. New Hire Coaching Program
9. New Manager Coaching Program

These programs focus on developing critical skills required at different stages of their careers, and across all levels of the organization. While some of them focus on helping new hires, others are designed to help individuals deal better with role transitions, or working in hybrid set-ups, or seasoned managers to become coaches and better leaders, all led by Numly's ICF-accredited, Executive Coaches.

"Connected Leadership is the new Management Science for organizations of all sizes. Connected Leaders use compassion, empathy, and trust to influence networked teams and people, in their flow of work. Organizational resilience is strengthened when Leaders let go of control. Transparency and a coaching mindset eliminates the need for traditional management control mechanisms, and scales teams to deliver phenomenally higher levels of performance." - says Madhukar Govindaraju, CEO - Numly, Inc.

Learn more about Numly's "Connected Leadership" Skills Framework and how it can benefit your organization.
