In 2015, Dr. Joan Katz, M.D., M.P.H., a Harvard-trained physician and founder of Simply Men's Health revolutionized the treatment of ED with RejuvaWAVE<sup>®</sup> ED shockwave. Although ED shockwave has been used in Europe for over 20 years, prior to RejuvaWAVE<sup>®</sup>, the mainstay ED treatment was either Viagra, penile injections, or as a last resort a penile implant.

Now again in 2022, Dr. Katz is revolutionizing ED treatment with the first-of-its kind [RejuvaWAVE Multi Wave Shockwave<sup>SM</sup>](#) protocol. Specifically, according to Dr. Katz,

“this ED treatment combines the proprietary RejuvaWAVE<sup>®</sup> protocol with state-of-the-art photobiomodulation technology to treat the root cause of the problem.” As a result, this protocol improves upon the success of RejuvaWAVE<sup>®</sup>. In our office our patients are reporting over 95% success rate in reversing and curing ED and Peyronie's.
