Message from Elisa - Braccio di ferro

"We are really grateful for the opportunity this competition offers us. Opportunity that for "Braccio di Ferro", is life! The children in care of the Paediatric Hospice of Padua - Veneto - Italy are almost 200 a day and the resources are never enough. 'Our' children are special and even if every day they struggle with a pathology, for which there is no possibility of healing, they are entitled to the best possible treatment. Today all the people who have embraced the fate of luck have actually already won, because they have embraced the life of each of our 'special' children. Thank you Jon Nurse, Win Houses in Italy said: "This will be our 4th draw giving someone the opportunity to experience a life changing and wonderful prize.
